

DD/R-337-62

17 December 1962

MEMORANDUM FOR: Director of Training

SUBJECT: Requirements for Training Films

REFERENCE: Your Memorandum, Same Subject, 8 November 1962

1. While it is still somewhat early in the developmental stages of the DD/R to assess effectively the way in which training films may be useful to our need, we have given this careful consideration.

2. The nature of the Missions and Functions of our Office of Special Activities is such that we are not able to anticipate any training film requirements at this time.

3. Our Office of Research and Development is just now beginning to be staffed and will not in fact be in existence until after the first of the year. It will not be possible before the next fiscal year, therefore, to develop training requirements of any specific type.

4. The Office of ELINT has initially completed the transfer of functions, projects and some personnel from the various Agency components and has developed a few thoughts wherein it would appear that training films might serve a need. Accordingly, I am attaching a memorandum from the AD/OEL on this subject. It would be appreciated if you would, at such time as you think appropriate, have someone from your staff discuss these thoughts further with [redacted] in OEL.

[redacted]
Executive Assistant
Deputy Director (Research)

Attachment:
OEL Memo of 3 Dec 62

Distribution:

Orig & 1 - Addressee; 1 - OEL; 1 - OSA; 1 - EA/DD/R; 2 - DD/R
DDR: [redacted] (17 Dec 62)
